SHIPPING & FORWARDING SERVICES

ARIAN SEA SCENT

GROUP OF COMPANIES

WE DO AS SAME AS OTHERS
BUT DIFFERENTLY.

BINGO!* 1000

*

Is the TERM one of our operations team members casually dropped while marking the grand milestone of the 1,000th shipping agency at the Caspian Sea in the 12th month of Iranian 1402 Calendar—because why not make Arian Sea Scent history a little more interesting?"

In the ninth month of the year 1403, our company received its 1000th agency nomination and set a new record in the number of annual nominations.

Although we have the Resources of a big company, we treat our partners like a start up .

WHY US?

By Arian Sea Scent, you are being served by the only agent in Iran which is active in all Caspian and Persian Gulf Ports active in all Iranian ports.

• KNOW-HOW - EACH VESSEL ONE EXPERIENCE:
From our extensive experience sprites by handling highest vessel calls among governmental and private sectors, each call is adding one experience to this extensive and intensive experience of our team, which in the end helps you in your business.

• 24/7 SUPPORT TO YOU
No matter if New Year or any major holidays, we are always telephony and per email available for you. You are taking care personally by us.

• DAILY REPORT:
2X per day before vessel berthing and 3-4X per day while operating alongside the berth, you are kept up to dated from process.

OUR QUESTION TO READER

Who are the Caspian Sea Market players choosing and why?

ABOUT US

hen you adore something, you nurture it.

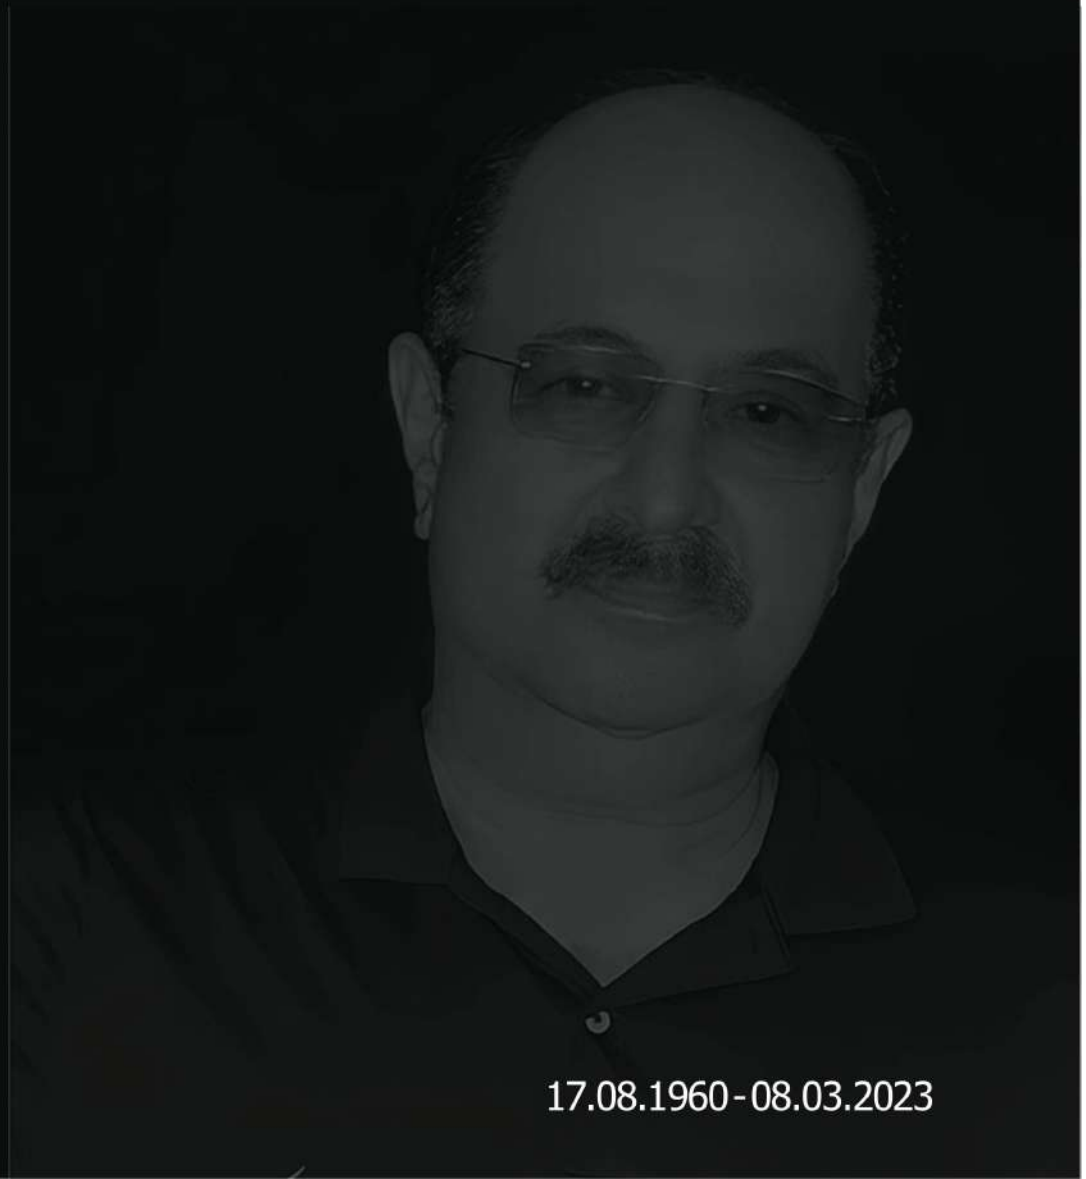

This has been our vision since the very beginning of the Arian Sea Scent. Now we are pleased to see our good partners in International Scale are enjoying their cooperation with Arian Holding.

Arian sea scent was found by late Dr. Gholamreza Khajehpour (mayherestinpeace)in1999.Devotinghislifetohiscarrier,heexpandedhis business across all northern port of Iran. According to PMO satistics, Arian Sea Scentrenderedagncyservices for almost 95% of foreign fleets at NIP. This has resulted in the ships under the Arian Sea Scent having the highest number among all agency companies in Caspian Sea Region even from Khazar Shipping company, which is an governmental company in the Caspian Sea Region.

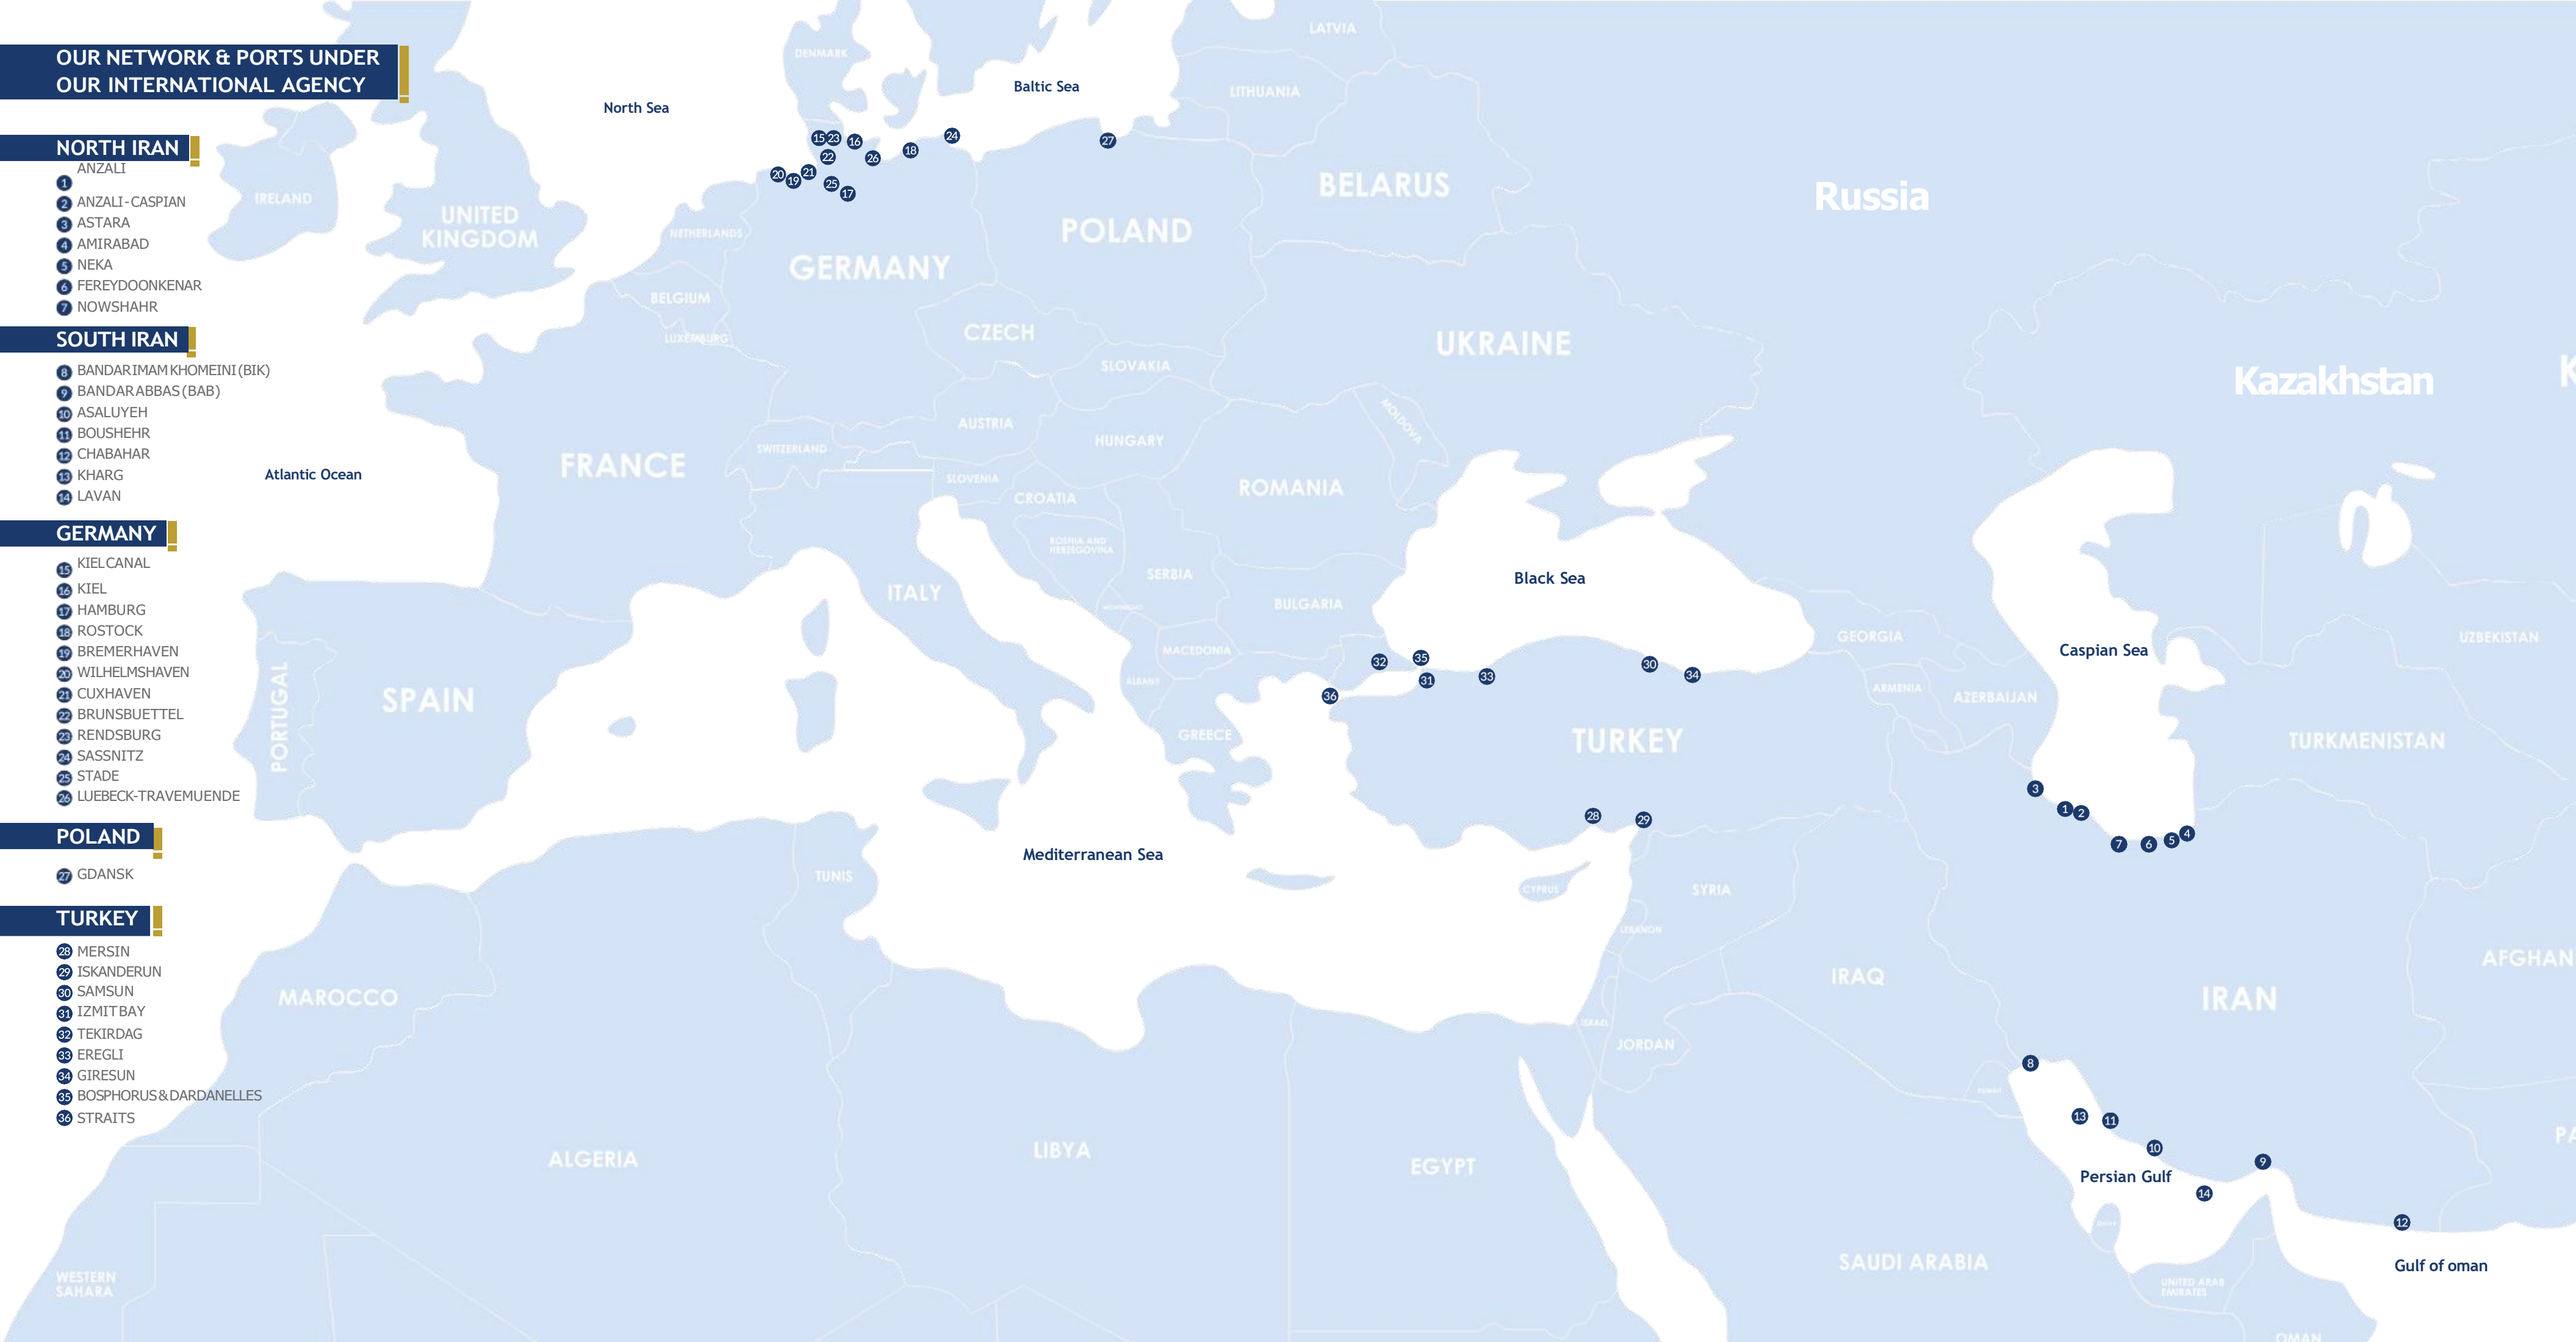

Arian holding consists of 3 companies in Iran:
Arian Sea Scent in Iranian northern ports.
Arian Sea Breeze in Iranian southern ports, and Arian Sea Scent free zone in Anzali and Caspian ports.

Arian holding also extended its services to Kiel Canal, Poland, all ports of Germany and Türkiye.
365 days, 24/7 of effective operational works, accurate arrangements and precise exchange of information by our well-trained staff possessing modern internal networking and communications system are all in effect to bring the best experience for our Partners.

NORTHERN PORT

Amirabad port:

Amirabad Port is known as the hub port in the north of Iran. Currently, it serves as a key hub for the northern region. It is also connected to the North-South railway, adding a significant advantage to its functionality.

- Draft: 4.40 meters
- Number of berths: 12
- Oil berths: 1
- Oil storage capacity: Over 70,000 tons
- Grain storage capacity: Over 500,000 tons

Nowshahr port:

Since Nowshahr Port is not congested most of the time, it can be a suitable choice for many shipowners looking to save time.

- Port draft: 4.50 meters
- Number of berths: 9 (1 oil tanker berth, 1 Ro-Ro berth, and 7 berths for bulk and general cargo)
- Operational berths: 7 berths are functional and in service
- Storage capacity inside the port: Approximately 200,000 tons
- Storage tanks: 4 tanks, each with a capacity of approximately 4,500 tons

Anzali Port:

- Active berths: 10 active berths, shared between grain and oil cargo. Out of these, 2 are dolphin berths.
- Storage capacity:
- Grain warehouses: Total capacity of 315,000 tons
- Oil warehouses: Total capacity of 25,000 tons
- Safe depth range: Minimum depth of 3 meters and a maximum depth of 6.4 meters

Caspian Port:

- Active berths: 4 berths for grain cargo and 1 dolphin berth for oil discharge.
- Storage capacity:
- Grain warehouses: Total capacity of 160,000 tons
- Oil warehouses: Total capacity of 77,000 tons
- Safe depth for each berth:
- Berth 1: 6.3 meters
- Berth 2: 4.0 meters
- Berth 3: 4.1 meters
- Berth 13: 6.3 meters
- Dolphin berth: 3.9 meters

Fereydunkenar port:

Ferey dunkenar Port is geographically close to Nowshahr Port. It has a total of 2 jetties but can accommodate up to 3 vessels if they are smaller in size.

Safe draft mentioned are for the time of publishing this catalog please always check with the headquarter for the exact draft.

MORE ON OUR TEAM

Beside our Turkish Ship Management team which consists of well experienced Captains and Ship Technicians, we can assist you in Agency Services and All Husbandry Matters in Ports. Our Main Activity in Turkey is:

Commercial management of vessels
Operational management of vessels
Technical management of vessels
Repairs & Maintenance
Crewing
Agency in Turkish ports including Bosphorus and Dardanelles straits

Despite port agency in Kiel Canal & All German Ports, we can also attend vessels under repair & maintenance at all German Shipyards.
We not only assist, but also handle all customs clearance enquiries & transactions such as ICS/EXS data collection and arrival notification, ESD/EXS via DHB and export declarations.

Passing through Kiel Canal from North Sea to Baltic Sea and vice versa, we support our principals in ensuring them a smooth transit on a 24/7 service. With the warehouse of our team located right next to the Kiel-Holtenau locks, we can guarantee the quick and cost-efficient delivery of goods during lock time.

We are the only agent in Iran offering services ranging from river-sea vessels in the Caspian Sea to Supramax ships in southern Iran.
